

*Be unique.
Think outside the box!*

Our Mission:

- Be sustainable, eco-friendly and biodegradable.
- Package to be different and stand out from the competition because it's important to have a nice package that represents your values.

About Our Company

For over 50 years, Custom Paper Tubes has specialized in the design and manufacture of paper tube packaging for retail and industrial markets. It's important to have quality packaging that distinguishes your company and values from the competition. Our containers are eco-friendly, biodegradable and sustainable, and are customized to your requirements. We believe in creating long-lasting relationships with our employees, customers, suppliers and community. We package to be different.

Key Service Offerings

Custom Paper Tubes services a wide variety of customers in the cosmetic, food, home goods, retail and industrial markets. We specialize in the manufacture of point-of-sale retail packaging, as well as industrial tubes and cores.
