Please note that every computer monitor varies slightly in color, and will display colors differently. You will also get varying results when these pages are printed on different printers and on different paper stocks.

We have made efforts to ensure that the PMS® color specified below each color sample is as accurate as possible.

The Pantone Matching System® (PMS) is a system shared world wide by the graphics and printing industries.

Please use these examples as a guide for selecting your color. For a more accurate representation, compare the PMS number shown with a Pantone Matching System® guide to see the actual color, or call us to request an actual outerwrap sample.
